

# BLEEDING CONTROL (B-CON) BASIC COURSE

Uncontrolled bleeding is the number one cause of preventable death from trauma. The greater the number of people who know how to control bleeding in an injured patient, the greater the chances of surviving that injury. You can help save a life by knowing how to stop bleeding if someone, including yourself, is injured.

The focus of this program is on

- The immediate response to bleeding
- Recognize life threatening bleeding
- Appropriate ways to stop bleeding

Cost: Free

Class Time: 6p-7:30p
